## **About Openpay**

Openpay Group Ltd (ASX: OPY) is a well-established player in the fast-growing global market for 'Buy now pay later' (BNPL) payment solutions. Openpay partners with merchants to provide BNPL repayment plans to customers in-store, in-app and online. Openpay's BNPL offering allows customers to purchase what they want and need while spreading repayments over time with no interest costs.

By providing flexible payment solutions to customers, Openpay's BNPL offering also facilitates increased transaction values and conversion rates for merchants at checkout.

Currently, Openpay provides services to Customers and Merchants in Australia and New Zealand, and the Company began offering services in the United Kingdom from June 2019.
